CAREERS LINKS

Accountancy, chef, banking insurance, bookmaking, risk analyst, news reporting, analyst, businessperson, performance analyst. Actuaries, economist, meteorologist, carpenter, welder, construction, architecture, joinery, games designer, software design & IT, engineering, catering, hairdressing.

CHARACTER LINKS

Perseverance and determination skills are fostered (performance virtues) particularly when students do not arrive at the correct answer first time and when trial and error skills are needed.

KEY ASSESSMENT DATES

All year 11 pupils will have a formal Maths assessment every two weeks. This will then be marked and analysed, which will then inform what topics the pupils need to revise over the next fortnight.
